COMMENTS ON EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

Sir:

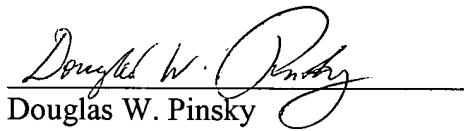

The Notice of Allowability mailed on October 12, 2005 included, as an attachment, a statement of reasons for allowance.

However, not all of the features cited by the Examiner accurately reflect what is recited in the independent claims. For example, the independent claims do not recite "multilevel probability scores calculated to first calculate a value measuring the quality of a match, and then using that score to generate a second calculated score, including a posterior probability score for the correctly matched word model." In addition, it is noted that Claims

21, 22 and 24-26 depend from method Claim 20 and do not incorporate the claim limitations of apparatus Claim 1. Nevertheless, Applicant respectfully submits that each of the pending claims is allowable for its combination of claimed features.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

Douglas W. Pinsky
